

§ 119.5

development organizations and programs to assist them to develop micro-enterprise training and services (“Capacity Building Grant”);

(c) Aid in researching and developing the best practices in the field of micro-enterprise development and technical assistance programs for disadvantaged microentrepreneurs (“Research and Development Grant”); or

(d) Conduct such other activities as the Administrator or designee determines to be consistent with the purposes of the Act (“Discretionary Grant”).

§ 119.5 How are PRIME grant awards allocated?

(a) At least 50 percent of the number of grant awards made under this part will be awarded to qualified organizations that benefit very low-income persons, including those residing on Indian reservations. In general, SBA will make grant award decisions to serve diverse populations by including as recipients both large and small micro-enterprise development organizations, and organizations serving urban, rural, and Indian tribal communities.

(b) SBA will allocate the funding available for awards as follows:

(1) A minimum of 75 percent for Technical Assistance Grants;

(2) A minimum of 15 percent for Capacity Building Grants; and

(3) The remaining 10 percent or less may be allocated by SBA, in its sole discretion to be used for:

(i) Research and Development Grants; or

(ii) Discretionary Grants.

§ 119.6 What are the minimum and maximum amounts for an award?

(a) The minimum grant award for Technical Assistance and Capacity Building Grants will be \$50,000 during the first year of the award, subject to the availability of funds.

(b) There is no minimum grant award for Research and Development or Discretionary Grants.

(c) The maximum amount that an individual grant recipient may receive in any fiscal year from a single award or multiple awards, under any of the purposes of the program, may not exceed \$250,000 or 10 percent of the total grant

13 CFR Ch. I (1–1–07 Edition)

funds available for award in that fiscal year, whichever is less.

§ 119.7 How long and in what amounts will grant funding be available to a single grantee?

(a) Generally, the funding period for a PRIME grant will be one year. Subject to availability of funds and continuing authorization, funding may be available on an annual basis allowing for the initial grant plus up to four option years, for a project period of up to five years. Decisions regarding option year awards and the funding levels of these awards will depend upon availability of funding and the grantee’s performance as measured against project objectives and milestones. A grantee that enters into a cooperative agreement must submit a separate application to have the support continued for each subsequent year. In all cases, continuation awards require a determination by SBA that continued funding is in the best interest of the Federal government. Neither the approval of any application nor the entering into of any cooperative agreement commits or obligates the Federal Government in any way to make any additional, supplemental, continuation or other award with respect to any grantee.

(b) For Technical Assistance and Capacity Building Grants, after a grantee receives an initial grant, funding for any option year(s) must be no more than 67 percent of the initial grant amount.

(c) For Research and Development and Discretionary Grants, after a grantee receives an initial grant, funding for any option year(s) will be approved at the discretion of the SBA.

(d) In the final year of a project, grantees may apply to extend the expiration date of a grant if additional time beyond the established expiration date is required to assure adequate completion of the original scope of work within the funds already made available. For this purpose, the grantee may make an extension request for a one-time, no-cost extension, not to exceed 12 months, prior to the established expiration date. Written notification of such an extension, with the supporting reasons, must be received by the SBA

Grant Officer at least 60 days prior to the expiration of the award. SBA reserves the right to disapprove the extension if the requirements set forth in OMB Circular A-110, paragraph .25(e)(2) are not met or if the extension is not in the best interests of SBA.

§ 119.8 Are there matching requirements for grantees?

Applicants and grantees must match SBA funding as follows:

(a) Except as provided in paragraph (c) of this section, applicants and grantees must match Federal assistance with funds from sources other than the Federal Government in an amount not less than 50 percent of the grant amount awarded each year. Sources such as fees, grants, gifts, income from loan sources, and in-kind resources of a grant recipient from non-Federal public or private sources may be used to comply with the matching funds requirement;

(b) Grantees receiving funds in option years as described in § 119.7(b) through (c) are subject to the matching requirements of this section.

(c) Applicants or grantees with severe constraints on available sources of matching funds may request that the Administrator or designee reduce or eliminate the matching requirements. Any reductions or eliminations must not exceed 10 percent of the aggregate of all PRIME grant funds made available by SBA in any fiscal year. By requesting a waiver, the applicant is implying that, but for the waiver, the proposed programming will not be possible at the levels requested.

(d) An applicant may request a waiver of the matching fund requirement by submitting a written request with its application for funding. The request must justify, and evidence, the need for a waiver. As evidence, the request must include, but is not limited to:

(1) The cause and extent of the constraints on the historical and projected ability to raise matching funds as demonstrated by financial statements and letters of rejection from previous funders and potential new funding sources;

(2) Evidence of efforts to raise match specific to the subject application, including negative responses, and

(3) Based on those efforts, a list of any matching funds expected for the PRIME grant.

(e) Subject to § 119.12 (a) through (d), applications will be evaluated on merit before being matched with cost proposals. Any organization requesting a waiver of matching funds, therefore, will not be rejected solely on the basis of such a request.

(f) Applications will be ranked, within their respective categories, from the most to least qualified. The best qualified applicants in each category will be selected whether or not a waiver is requested until the availability of waivers is exhausted.

§ 119.9 How will a qualified organization apply for PRIME grant awards?

(a) SBA will issue Program Announcements specifying the terms, conditions, and evaluation criteria for each potential set of awards. Program Announcements will summarize the purpose of the available funds; will advise potential applicants regarding how to obtain an application packet; and will provide summary information regarding deadlines and other requirements. Program Announcements may specify any limitations, special rules, procedures, and restrictions for available funding.

(b) Applicants may submit applications in response to the Program Announcements. Each applicant shall submit an application for a grant in accordance with this part and the applicable Program Announcement.

(c) SBA reserves the right to consider at the same time multiple applications from a single applicant when appropriate.

§ 119.10 Will SBA give preferential consideration to other SBA program participants?

In making grants under this part, SBA will not give preferential consideration to an applicant that is a participant in programs established under section 7(m) of the Small Business Act.
